

ADDRESS BY HM

A very good evening to one and all present here. On behalf of Air Force School Chabua, I would like to thank all of you for joining us today for the annual day function of the school.

I take this opportunity to present the annual report of the school. This annual report showcases not just the achievement and glories of our school but also gives an idea of the broad outlook that Air Force School Chabua holds on education and learning.

It is a moment of immense happiness for me to share with all of you that this year Air Force School Chabua was adjudged as the second Best Air Force School in Middle School category in EAC AOR . This wouldn't have been possible without the support of each and every one of you present here today.

A school is just a building without its students. With a strength of 337 students Air Force School Chabua endeavours to provide good quality education to all its students and ensure their holistic development contributing towards making them good individuals and leaders of tomorrow.

We set standards and goals for ourselves and try to achieve them be it in the area of academics, co-curricular activities, culture or value system. It has always been the endeavour of the school to help the young minds blossom and provide them with a platform to perform and showcase their talent. A number of activities have been conducted for the students in the school in this regard. With respect to academics apart from the routine assessments that are carried out for the students, Olympiad exams have also been conducted for the students to develop their analytical and problem-solving skills. In the current academic session, a

total of 61 students appeared in the Olympiad exams conducted by Science Olympiad Foundation.

With respect to co-curricular activities, a number of activities have been conducted in the school in the current academic session to teach the children about team spirit and healthy competition apart from giving them the opportunity to excel in performing arts. Some of the competitions held in the school include Be an entrepreneur, planting a sapling, card making for Vijay Diwas, English and hindi recitation, best out of waste, poster making etc to name a few. In addition to this Independence day and Annual Sports meet was also celebrated in the school.

My team comprising of 18 Teaching and 10 non-teaching staff have ensured the smooth functioning of the school by ensuring that quality education is imparted. Various in-house workshops have also been conducted during the course of the academic session for enhancing the professional acumen of the teachers.

As we recount our achievements and success with pride and happiness, I would like to dedicate whatever we could achieve to our beloved students, committed team of teachers, non-teaching staff and valued parents of Air Force School Chabua. I would also thank our school management committee for their wholehearted encouragement and continued support.

I now request all of you to sit back and enjoy the program that our students have prepared for you all.

Thank you.
